

## The Crucible Character Analysis Paper

Chose a character from “The Crucible” and analyze him/her and his/her importance to “The Crucible”. Ask yourself, how did this character act throughout the play? Does he/she change behavior throughout the play? Any reason why? What motivates how the character acts? Does that motivation change at all and why? How is this character’s behavior and belief important to Miller’s story? Let these questions lead to other questions.

Analyze that character and construct a well-developed paper with support (you may cite your textbook) that shows that you have analyzed him/her.

DO NOT give me a summary of the story

DO NOT use 1<sup>st</sup> or 2<sup>nd</sup> person

DO NOT give strictly a description of the character

You DO NOT need the internet for this assignment. You are to analyze and use your text as support.
